China Fluid Power Industry Development

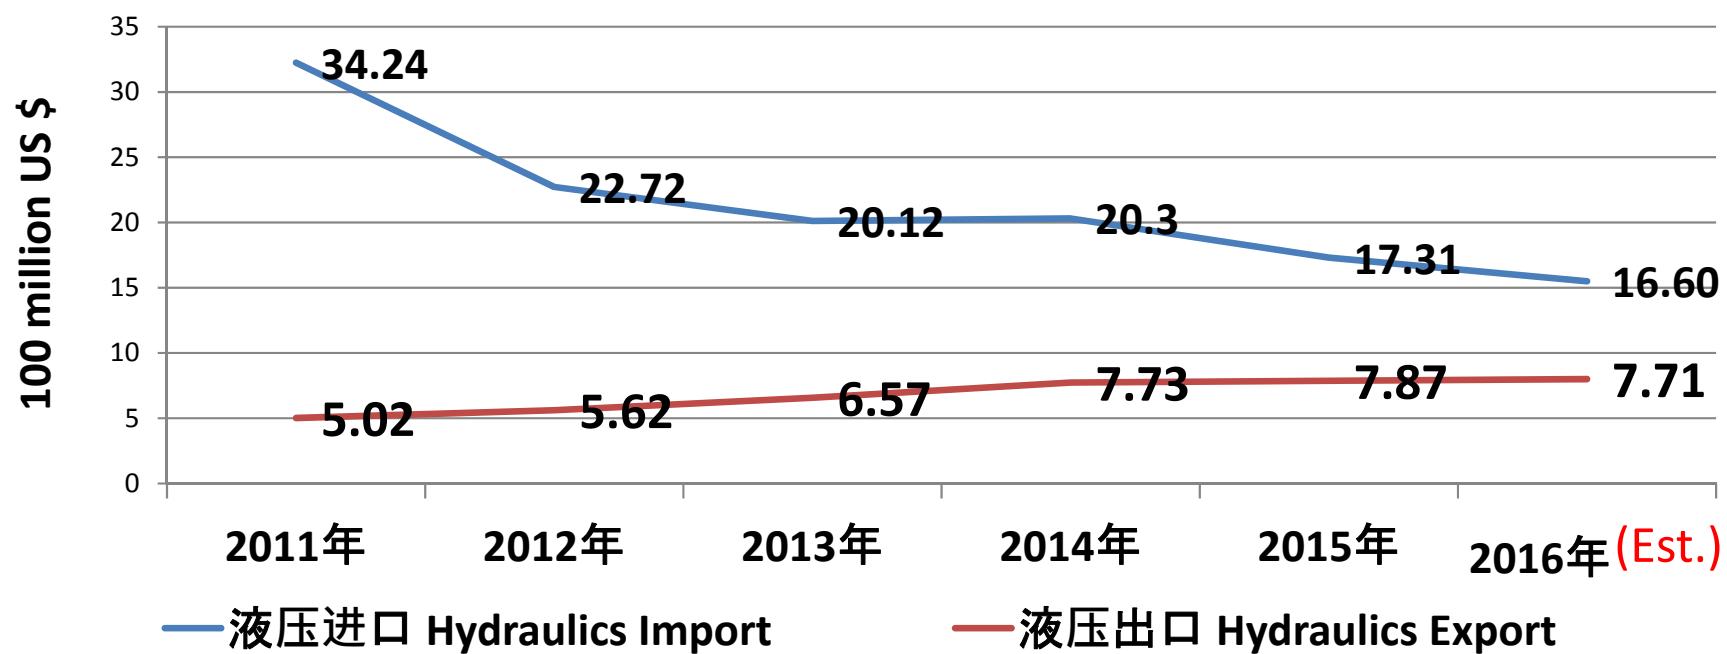

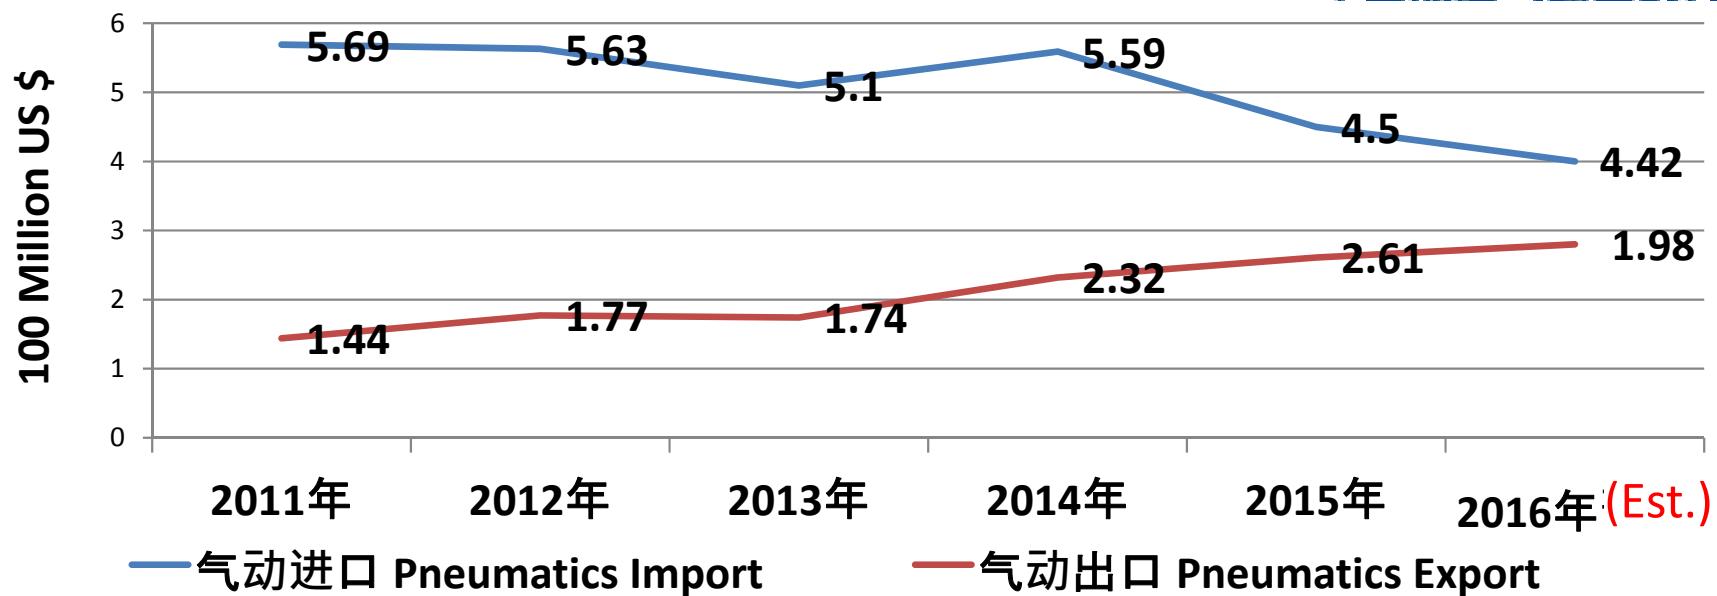

(100 million RMB)

2011-2016 Importing & Exporting

中国液压气动密封件工业协会

1 **Exporting both of Hydraulic and Pneumatics Increased**

The international spare parts market was increased and gave more orders to China hydraulics and pneumatics manufacturers.

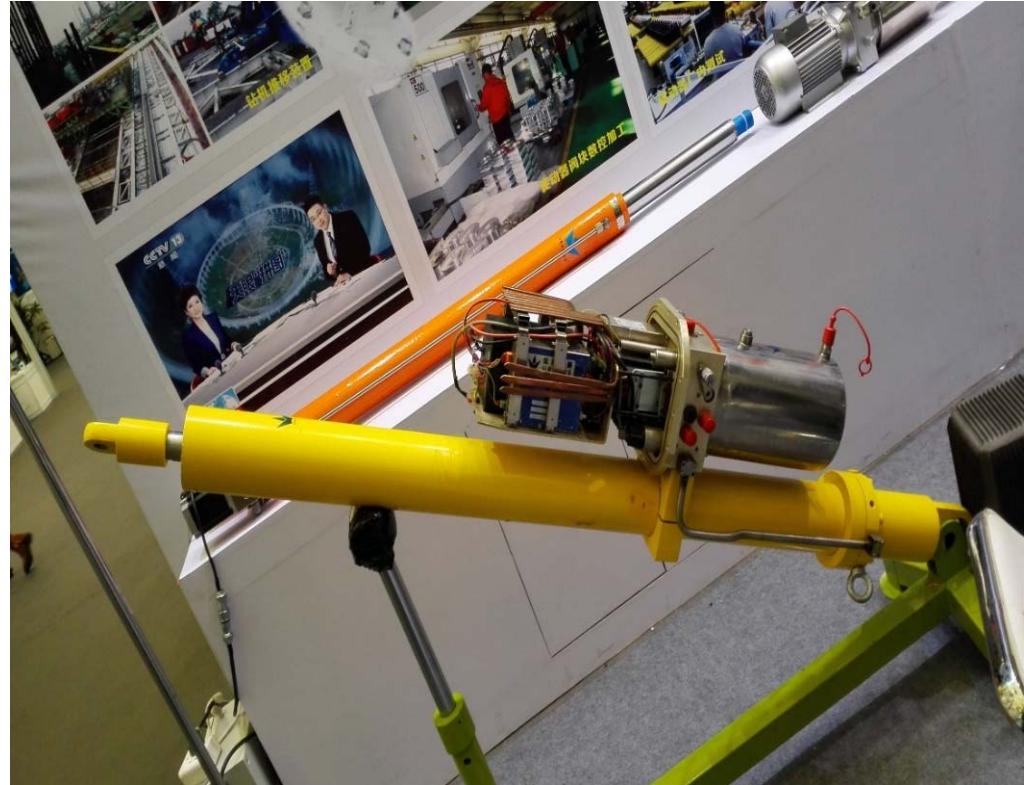

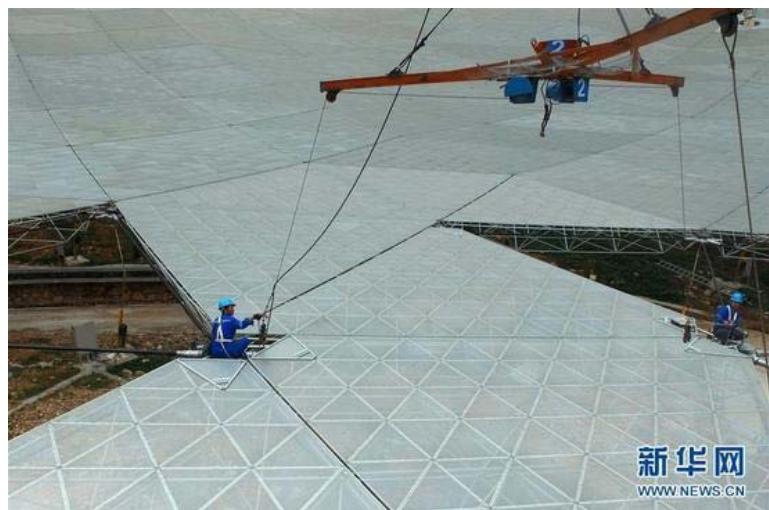

2. **Importing both of Hydraulic and Pneumatics decreased**

Local products took the place of imported ones.
Especially for national large projects such as:
